

VISTA Scavenger Hunt

The VISTA Scavenger Hunt introduces a new VISTA to Rancho Cordova, Folsom, and the surrounding communities in a fun way. Each of the hunt's activities familiarizes you with various locations, projects, and resources that will help you to be successful. Very few of the tasks include instructions on how to get to the various sites. It will be up to you to discover their locations and how to get there.

Take a camera and take pictures, if the task does not require you to collect something. If you do not own one, you can borrow a camera from the Cordova Student Union.
